

S&N COMMUNICATIONS, INC.

Dear Homeowner,

S&N Communications, Inc., an authorized contractor for Verizon Communications, will soon begin placing buried utility lines in this Community. This project is to provide enhanced offerings and service improvements to customers of Verizon.

First indications of this work will be colored lines painted at various locations on the street and in the grass areas around your community. This is necessary to locate existing utility lines in the area, and is part of normal construction process of Virginia.

A "door hanger" will be placed at your home to notify you three to five days before actual construction is started. In the event any of our efforts cause you concern you will be able to contact us Monday through Friday (7am to 7pm) and Saturday (9am to 3pm) at 1-800-757-6842, we will address your concerns as quickly as possible.

S&N Communications goal is to perform our work as unobtrusively and quickly as possible.
