- * The ViP 211k receiver requires software version L4.99 in order to work with the Tailgater. ViP 211k receivers with the Part# 187878 include the necessary software. ViP 211k receivers with Part# 164568 or Part# 145822 must download the software update by installing the receiver on a stationary antenna (not a tailgater antenna).
- ** Provides DVR functionality to non-DVR receiver models and increased storage capacity to receiver models that already have DVR functionality.
- † Please note that there are no receiver requirements in order to receive the 22 linear channels and Blockbuster By Mail service that are also included in the Blockbuster Movie Pass subscription.
- †† Hard drive size for the model 512 receiver may vary.
-  For information on receiver model compatibility with DishHOME Channel 100 applications and games, please refer to Issue 17 (June 23, 2010) of the Weekly Dish.

The foregoing (including, without limitation, brief description(s) of certain terms and conditions applicable to each of the Promotional Programs named in this Weekly Dish) may be subject to applicable Business Rules and/or different terms and conditions of your Retailer Agreement with DISH Network L.L.C., formerly known as EchoStar Satellite L.L.C. ("DISH"). In the event of any conflict or inconsistency between the terms and conditions set forth in any applicable Business Rules and the terms and conditions set forth above, the terms and conditions of such Business Rules shall be controlling.
