DTVPal DVR

Back Panel

DESCRIPTION

The **DTVPal** DVR is a standard-definition (SD) and high-definition (HD) over-the-air receiver for viewing local digital programming.

FEATURES

- View and record local over-the-air digital broadcasts. Can record two broadcasts at one time.
- Record up to 150 hours of SD content or up to 30 hours of HD content.
- DVR "trick modes" such as pausing a program for up to 60 minutes, 30-second skip forward, 10-second skip back, four speeds of fast forward and fast reverse, slow motion and frame-by-frame forward and reverse.
- Electronic Program Guide with up to seven days of TV Guide and PSIP program listings and information (duration depends on what is provided by each broadcaster).
- DVR and reminder timers.
- Parental locks.
- Closed caption support:
 - On digital channels
 - On analog pass-through
- Use Themes and Search to find programs to watch.
- HD display resolutions: 480p, 720p, and 1080i.
- SD display resolution: 480i.
- Simultaneous output from HD and SD connections. HD content is down-converted for display on the SD outputs.

SETUP WIZARD

- Scans over-the-air channels.
- Asks for customer zip code and time zone.
- Requests default HDTV type (4 x 3 or 16 x 9) and resolution.

FRONT PANEL FEATURES

- Green light indicates receiver is powered on; red light indicates recording is in progress
- IR receive

REAR PANEL FEATURES

- 1 ATSC antenna input for two over-the-air digital broadcasts
- A/V connections
 - 1 HDMI output
 - 1 set of Component (YPbPr) HD analog video outputs
 - 1 optical digital output for Dolby® Digital and PCM Digital audio
 - 1 set RCA-type audio/video outputs
 - 1 Channel 3-4 modulated output
- 1 Ethernet port (for future use)
- 1 USB 2.0 port (for future use)
- 3-prong power cord

REMOTE CONTROL

5.3 infrared (IR) remote control—operates **DTVPal** DVR and up to three other components (such as a TV).

SPECIFICATIONS

- Dimensions (approx.):
H: 3.1" x W: 14.6" x D: 8.8"
