Subject: Hopper™ and Joey™ product update release – External Communication Only

Effective Date: 04/18/2012

In this first post launch release of Hopper™, several new and updated product features will be applied to Hopper™ and Joey™ beginning 04/18/2012. This release has the following customer facing new features and updates.

## Hopper™ Only:

- **1 Terabyte User Partition**  
*Increased User partition allows user to record up to 500 hours of HD content. Previous user limitation was 250 hours of HD content.*
- **Pandora**  
*Pandora Internet Radio allows customers to login from the Hopper™ only (Joey™ support in June) to stream their personalized radio stations through their television. Pandora is accessed through the 'Apps' tile from the Main Menu.*

- **PrimeTime Anytime™ (PTAT) Help Video**  
*PTAT Help Video allows user to access demonstration videos about PrimeTime Anytime. This feature can be accessed by clicking 'Learn More' button from PrimeTime Anytime™ Enable/Disable screen.*

## Hopper™ and Joey™:

- **PrimeTime Anytime™ (PTAT) events displayed on TV Viewing Status landing page**  
*TV Viewing Status page will display all PTAT events when an active tuner is taken for PTAT. TV Viewing Status page can be accessed through the <Red> hotkey on the remote to view current tuner status. Users can quickly join any of the displayed PTAT events from this screen.*

- **PrimeTime Anytime™ (PTAT) Save Series**  
*PTAT Save Series allows users to save any PTAT series events, beyond the default 8 days, to the DVR quickly. This feature can be accessed through DVR and PrimeTime Anytime™ folder and SELECT the series. The chosen and all future recordings of the series will be saved to the DVR.*

- **Facebook**  
*Facebook allows users to login and access their Wall, News Feed, User's Photos, User's Tagged Photos, and Friends' photos; plus Like, view and post comments. Facebook is accessed through the 'Apps' tile from the Main Menu.*
