Midnight Chat

## SatelliteGuys.US Special Charlie Chat Midnight MST December 1st, 2006 : Recap Charlie Ergen and Jim DeFranco

### Special Topic: Distant Shut Off Friday December 1st

Welcome to the special edition Charlie Chat, there has been a lot of activity and we want to make sure you have the most current information for our customers.

If you are watching tonight it means you have lost one or more of your distant networks, the reason is that a Court order by a Judge in Florida goes into effect tonight, and by midnight tonite we will shut off all of our distant network channels which are: ABC, NBC, CBS and FOX.

About 900,000 Customers are affected. 7%

Group A 300,000 Customers will lose channels from outside your city (time shifting capabilities)

Group B 300,000 or so 174 markets, do not sub to local channels, but they are available to you.

Group C 300,000 live in one of the 33 markets where neither DISH (no LIL's) network nor any other Pay TV provider offers local network channels, or are missing some channels... no simple solution...

### **OFFER FOR AFFECTED CUSTOMERS**

*\* In all local-in local markets, consumers are offered local networks free of charge through December 31st, 2006*

*\*Free Satellite dish upgrade where technically feasible*

*\*Free Off-air antenna where technically feasible*

*\* Another company not affiliated with DISH Network can provide Distant Networks to qualified customers*

There is a new company that is not associated with DISH: All American Direct that starting tomorrow will be delivering to qualified customers Atlanta and San Francisco distant networks.

### **All American Direct**

*\*C-Band dishes and satellite receivers for over 20 years*

*\* Offers distant network channels from Atlanta or San Francisco to qualified DBS customers*

*\*No Separate Equipment (for the most part)*

*\*But\* Broadcasters are challenging this*

**Contact All American Direct**
